... nicht nur Fantasiestücke - Works for Clarinet & Piano
Lisa Shklyaver; Georgy Voylochnikov

ARS38637	1 CD
01Q	2021

The multi-dimensional term "fantasy" means "to imagine", "to improvise". And it is precisely the rich, radiant, outstanding and - this is actually the most important thing - free imagination of the works presented on the CD that has given **Lisa Shklyaver** and **Georgy Voylochnikov** the happiness of encountering their art. They would like to share this joy of fantasising with the listener here.
